**To: CR 200 S Reconstruction Area Residents**

**From: Bill Coleman  
United Consulting Engineers**

**Subject: CE 200 S Reconstruction (from SR 11 to CR 150W)**

Construction activity on the County Road 200S project is about to begin and there will obviously be some disruption to your neighborhood while the project is underway.

The Contactor's scope of work includes a complete reconstruction of CR 200S in four (4) stages.

The work associated with **Stage I**, which is scheduled to **begin on April 1, 2013**, includes the installation of new storm piping and structures. Work in this stage of the project will not impact traffic.

**Stage II** is scheduled to **begin on April 15<sup>th</sup>** and **CR 200S will be closed from SR 11 to Spear St. (Southside Rd.) to all but local traffic at this time.** The work associated with this stage includes the complete removal and reconstruction of the road, installation of a new storm drainage system, as well as new curb/gutter, sidewalk, and concrete drive approaches. This stage is scheduled to be **completed by June 1<sup>st</sup>.**

**Stage III** will include the reconstruction of the Spear St. intersection and is scheduled to **begin on June 1<sup>st</sup>** and be **completed by July 5<sup>th</sup>**

The final stage, **Stage IV**, includes the remaining area at the intersection of CR 200S and CR 150W and will be **completed by August 5, 2013.**

It is the goal of the City of Columbus, United Consulting, and the Contractor to complete this project in a quality and timely manner and to minimize the inconvenience.

With that goal in mind I am providing my contact information:  
My cell phone number is 317-448-6648 and my e-mail is [billco@ucindy.com](mailto:billco@ucindy.com).

If you have any questions and/or concerns please feel free to contact me and I will do my best to address your issues.

Thank you all in advance for your patience and cooperation during these needed road, storm drainage and streetscape improvements.

Sincerely,

**Bill Coleman  
Project Representative  
United Consulting Engineers**
